A Tapestry of MULTICULTURAL DIVERSITY

The remarkable staff at Staten Island Care Center encompasses the rich diversity of New York and the unpretentious friendliness that distinguishes the borough of Staten Island. Our multilingual caregivers are dedicated to meeting the needs of all our patients and residents: making sure everyone feels at home.

Your Bridge TO HOME

Our 5th floor features a dedicated Subacute Care Unit that offers private and semi-private rooms, a beautiful rehab gym, fine dining, and panoramic views of the Verrazzano Bridge and the Bay.

This unit bridges the transition from hospital to home for individuals in need of short-term rehabilitation. To restore your independence and maximum function and get you back home as soon as possible – our expert team of therapists tailor personal rehabilitation regimens utilizing the most advanced equipment and latest treatment modalities.

Our beautifully decorated Home Training Room is a “home away from home” setting that eases the transition to independent everyday living. This suite allows patients to reacquire the daily skills necessary to function on their own once again.

- Expansive State-of-the-Art Rehab Gym
- In-House Staff of Expert Therapists
- Physical, Occupational & Speech Therapies up to 7 days a week
- Home Training Room to practice Activities of Daily Living (ADL's)
- Orthopedic Surgeon rounds regularly
- Physiatrist on staff

CARDIAC REHABILITATION Program

As the only specialized Cardiac Rehabilitation program on the Island, we help individuals recover from cardiac bypass surgery, heart failure, valve replacement, angioplasty, stents and cardiac catheterization procedures, as well as heart attacks. With a strong clinical background in cardiac care, our stellar staff of specialized nurses work under the direction of a leading cardiologist to improve each patient's overall cardiovascular health.

- Routine Visits & Clinical Supervision by Board Certified Cardiologist
- Individualized Evaluations & Treatment Programs
- Wireless Telemetry
- 24/7 Skilled Nursing Supervision by ACLS Trained & Certified Nursing Staff
- Patient Education & Lifestyle Modification
- Heart Healthy Diet by Registered Dietitian
- Strict Adherence to all Cardiac Precautions during individualized treatment sessions
- Therapy up to 7 days a week

Our residents' wellbeing is our HIGHEST PRIORITY.

Nestled in the heart of Staten Island, overlooking the bay, Staten Island Care Center offers an array of amenities that enrich the recovery experience.
